Agar Family Record

~~~~~

1786 to 1942

# INTRODUCTION

This second edition of the Thomas and Hannah branch of the Agar Family was started in 1940 and completed in the fall of 1941 by Laura Jane Agar, daughter of Richard Thomas and Mary Hemphill. This edition will bring the record up to date.

Laura realizes mistakes are likely to creep in but has done her best on a big job and asks that you excuse such mistakes. Laura has sent along the following paragraph to be included here.

"The Agar Family has maintained and preserved its position and influence by steady, patient industry, and every member should be a real worker and not rely upon what it has been. All that is good and great of the family should not be underground."

WM. R. AGAR
